Memo/Reply From  
JOSHUA LEDERBERG

TO: General F S Brown<sup>III</sup>  
(USA, ret.)

APR 13 1991

*After many years —*

Dear General Brown —

I am so glad to have located you:  
I made such good use of your book  
on Chemical Warfare -- do you still  
remember it?

If you are still interested in  
that subject, there are many aspects  
of its history I would enjoy chatting  
with you about: especially what  
documentation has emerged on Nazi-  
German restraint during WW-2, apart  
from Speer and Ambrose's self-serving  
testimony. Do we understand  
what intelligence the Germans had on  
our capabilities?

on CBW issues for the Army, DoD  
and Intel' Community. Your own  
insights would be illuminating.

Sincerely,
